

# CAST SKINTAC HX20000

M1

3D - LONG TERM | FULL WRAPS | AUTOMOTIVE | DECORATION

The HX20000 consists of a multilayered cast PVC film and a release liner with structured HEX'Press adhesive. The product is specially designed for full wraps. Thanks to its thickness it preserves its colour even under strong deformation. It is convenient and effortless to apply and remove. The HX20000 makes application easy thanks to its structured adhesive that facilitates air egress.

RANGES	WIDTH (MM)	LENGTHS (LM)
RANGE 1	1520	25
